Berikut ini adalah screnschoot hasil running dari poject Bar Volume pada modul 1 menggunakan real device

1. Tampilan awal

2. Tampilan hasil perhitungan

The screenshot displays a mobile application interface for calculating bar volume. The title bar is red. The app title 'BarVolum-Calculator' is in bold black text. Below it, there are three input fields labeled 'Panjang', 'Lebar', and 'Tinggi'. The values entered are 13, 10, and 7 respectively. A green button labeled 'HITUNG' is positioned below the input fields. The result '910.0' is displayed in large black text at the bottom of the main content area. The status bar at the top shows the time 18:28 and various icons. The bottom navigation bar is white with three icons: a hamburger menu, a square, and a back arrow.

Input	Value
Panjang	13
Lebar	10
Tinggi	7

HITUNG

910.0
